Thanks for taking us to places -- that weren't the easiest. 😊

Dear Nancy,
A very belated thank you for all your help and work in selling my house and getting me into my lovely new home. Thanks also for the garage door opener and for facilitating the removal of the furnace in my old house.

I feel like I'm in a dream (a good one) in this house. The view, the neighbors, and all the great things about living in a small town.

It's still a work in progress, but stop in any time. Thanks again, Mary Cawell

My husband and I have worked with Timberwolff Realty many times over the past 15 years - specifically Silviya Duclos. In all of our purchases and sales, Silviya repeatedly demonstrated key attributes that kept us coming back. She is very responsive, professional and has a deep knowledge of not only the north shore area but best practices, county and state requirements and real estate knowledge. There are many realty companies on and near the shore but not one will provide the professional service Silviya at Timberwolff Realty provides. Highly recommend!
